Bylaw enforcement reminder

Illegal disposal penalties range up to \$5,000

Property owners, landlords, and tenants are reminded of three bylaws in place to keep the City clean of garbage and debris.

Illegal Disposal Bylaws

The yards bylaw prohibits anyone from using any land or structure within the City to dispose of garbage, refuse, industrial and domestic waste. Domestic waste includes items such as refrigerators, stoves, furniture, and paper. Anyone throwing, placing or depositing debris on any private or municipal property within the City can be charged under a second bylaw that covers **illegal dumping**. Both these bylaws carry a penalty of up to \$5,000. The waste collection bylaw and streets bylaw also prescribe penalties for strewn garbage and littering.

The City is moving towards more stringent enforcement and will issue orders, and/or move directly to charges against property owners in violation of these bylaws. While property owners are responsible for maintaining their properties, landlords must also work with tenants to ensure debris is not left at the property.

Additionally, should debris be left at the property an administration fee of \$125 and the cost of clean-up will be applied to the property tax bill.
