I have chosen the above indicated areas of preference for my Rent-Geared-to-Income application. This form must be signed by all applicants 16 yrs of age or older or person authorized on their behalf. A household will cease to be eligible for RGI assistance and the household's name could be removed from the common waiting list if the household refuses three offers of a unit in projects selected by the household. Note: Utilities may not be included at some addresses. Further information on the features of these addresses is available from The Registry.

Selection of projects is subject to local occupancy standards and eligibility rules. Note: If this form is completed, it will replace selections made on Part "A" application attached

Definitions of Terms

Senior:	Applicants must be 65 years or older. Applicants under the age of 65 indicating a preference for senior housing will be added to the Cascading Age Waitlist (see the Public Information Guide).
Cascading:	Under the Cascading Age Policy housing providers with a seniors' mandate must first make offers of accommodation to applicants on their waiting list where at least one household member is 65 years of age or older. If there are no households on the providers' waiting list willing to accept the vacant unit, providers will then refer to the cascading age wait list which lists households under 65 years of age who have selected that project or geographical area.
Mandate:	The approved policy statement by which a specific client group is served by the housing provider.
Rent Supplement	City of Kingston has agreements with private and non-profit landlords, where specified units in their buildings are reserved for applicants from the Rent-Geared-to-Income waiting list. Kingston & Frontenac Housing Corporation (KFHC) administers the programs. When a vacancy occurs, KFHC refers the top two (2) applicants from the waiting list to the private landlord where a final selection of tenant is made. Under the agreement the tenant pays the Rent-Geared-to-Income portion of the rent to the landlord and KFHC pays the balance of the rent.
Rural:	Outside of the city centre. (Note: there is no public transportation to the rural locations.)
Modified Unit:	A unit that has been modified to be accessible for an individual with physical disabilities or to assist an individual with a physical disability to live independently with or without support services.
Aboriginal:	Must be able to provide proof of aboriginal/native status to the aboriginal housing provider.
Supportive/ Alternative:	These are housing providers who are mandated to provide support services. For further information see the Public Information Guide.
Co-Operative Housing	Participating within a community environment
