BRIEFINGS

PETITIONS

(1) A petition bearing approximately 50 signatures was received by the Clerk’s Office, and referred to the President & CEO of Utilities Kingston and reads as follows:

“We, the concerned citizens of Kingston, petition the City of Kingston to act immediately to clean up Belle Park and put a stoppage to the dumping of hazardous waste and sewage into the Cataraqui River. We would like the municipal government to take immediate action as follows:

• Rebuild the sewer system (starting with the worst parts).
• Separate the storm water and the sewage sewers so they don’t back up.
• Greatly increase the size of the holding tanks so they don’t overflow every time there is a storm.
• Increase the sewage treatment capacity so more sewage can be treated.”
(File No. CSU-C14-000-2006, CSU-E01-000-2006)
(2) A petition bearing approximately 110 signatures was received by the Clerk’s Office, and referred to the Commissioner of Public Works and Emergency Services and reads as follows:

“We, the parent community of St. Marguerite Bourgeoys, have deep concerns for our children’s safety with the upcoming opening of the new overpass on Centennial Drive. This will greatly increase the traffic through the centre of our neighbourhood on Centennial Drive, which is already an extremely dangerous street for our children to cross.

There are two main intersections on Centennial Drive between Taylor Kidd Boulevard and Princess Street that are our main concerns. Centennial Drive was designed for some strange reason with S curves. These create blind areas when trying to cross Centennial Drive at both ends of Davis Drive. People exceed the speed limits now, even though it is a short thoroughfare. It will get even worse once the bridge is opened. The hidden intersections give little to NO time for an adult to cross safely, let alone a child.

This is an extremely important issue that needs to get resolved NOW. We need traffic lights or 4 way stops at both intersections for the safety of our community. We, the community of Waterloo Village and St. Marguerite Bourgeoys Catholic School, demand action from the City of Kingston to resolve this issue before the opening of the new overpass. This can easily turn into a fatality, so please take our request seriously and correct this before one of our families loses someone dear to our hearts.”
