Briefings

Petitions

1. An E-petition bearing approximately 222 signatures was received by the Planning Committee on December 3, 2015 and received in the City Clerk's Department on December 7, 2015 and reads as follows:

"We the undersigned agree with the following statements:

New Developments in Kingston's downtown core ought to fit into its architectural character and human scale. More specifically, in view of needed densification, there should only be moderate increases in height allowances, which are presently at 4 and 6 storeys for building on lower Princess and lower Queen Streets, i.e. East of Division St.

The Maximum height ought to be spelled out and respected: we propose 6 to 8 storey maximum in principle, though perhaps 8 to 10 storeys max could be approved if a proper 3D model shows convincingly how it fits into the existing downtown. We must ensure that new structures will be aesthetically compatible with existing ones, which is important for our enjoyment of our city, for tourist, and for future downtown residents.

In short, we hope that all current and future downtown development proposals will be carefully tailored for their respective sites. This includes areas such as the old Empire Theatre (23 Princess Street), the North Block (51-57 Queen Street), the site across the old police station (18 Queen Street at Ontario Street), and the old Blockbuster Video Site (145 Clergy Street East at Brock Street)."

Motions of Council are required:

- (1) **That** the resignation from Councillor Jim Neill from the Board of Directors for Kingston Access Services, be accepted with regret; and

That Councillor _____ be appointed to the Board of Directors for Kingston Access Services for a term ending November 30, 2018.

- (2) **Whereas** there are fewer applications from Members of Council than vacancies for the following Committee;

Therefore Be It Resolved That Council select the Members of Council to be appointed to serve on the following Committee:

Committee	Number of Appointments Required and Length of Term	Names
Arts Advisory Committee (Note: One member must be a member of the Arts, Recreation, and Community Policies Committee)	2 Councillors November 30, 2016	Councillor Neill

New Motions

1. Moved by Councillor Neill
Seconded by Councillor Candon

Whereas the city provides substantial funding to a variety of outside agencies and boards, and

Whereas the City of Kingston is committed to open and transparent government;

Therefore Be It Resolved That the City requests that any Board or Agency which receives 50% or more of their operating budget from the City of Kingston, and therefore city taxpayers, publicly disclose those who receive remuneration above the 'Sunshine Law' threshold, in the same manner as the City of Kingston; and

That this direction be shared with all Boards and Agencies now and again prior to annual budget deliberations.

2. Moved by Councillor M^cLaren
Seconded by Councillor Osanic

Whereas the 2011 National Household Survey confirmed that 14.9% of the population live in low income circumstances, a percentage exceeded in the City of Kingston where the percentage of the population living in poverty has been documented at 15.4%; and

Whereas income insecurity and inequality continue to increase as a result of precarious employment; and

Whereas existing income security programs have not proved sufficient to ensure adequate, secure income for all; and

Whereas insufficient income, income insecurity and inequality have well-established, strong relationships to a range of adverse public health outcomes, and are root causes of many social ills such as illiteracy and short-fall of educational attainment, chronic stress, alienation, and criminal activity, all of which undermine the social fabric; and

Whereas a basic income guarantee would reduce income insufficiency, insecurity, and inequality and ensure everyone an income sufficient to meet basic needs and live in dignity regardless of work status; and

Whereas a basic income guarantee would provide an income floor for those doing socially essential but unpaid work, supporting the choices of those who engage in it; and

Whereas a basic income guarantee would provide additional direct personal income which would be spent locally, thereby revitalizing local economies; and

Whereas a basic income guarantee would enable individuals to pursue educational, occupational, social and wellness opportunities relevant to them and their families; and

Whereas a basic income guarantee would support entrepreneurship and job transition for those trying to establish a new productive role for themselves in response to a persistently changing economy; and

Whereas a basic income guarantee would resemble income guarantees already provided in Canada for seniors and children, guarantees which have contributed to health and quality of life improvements in those age groups; and

Whereas basic income has been studied in Canada for approximately forty years and has demonstrated improved physical and mental health and educational outcomes; and

Whereas a basic income guarantee program would involve the redistribution of the administrative functions of existing income support programs to the nation as a whole and to senior government partners in the same manner as Medicare and the existing seniors and children's programs;

Therefore Be It Resolved That the City of Kingston endorse a national discussion of a Basic Income Guarantee for all Canadians; and

That the City of Kingston encourage the provincial and federal governments through their respective responsible Ministers, including the Ontario Minister of Health and the Ontario Deputy Minister in Charge of Poverty Reduction, to work together to consider, investigate, and develop a Basic Income Guarantee for all Canadians; and

That this resolution be forwarded to all municipalities in Ontario with the request that they consider indicating their support for this most important initiative; and

That this resolution be forwarded to the Association of Municipalities of Ontario and the Federation of Canadian Municipalities, including the Big City Mayors' Caucus, with the request that they include proposing a Basic Income Guarantee in their respective engagements with the provincial and federal governments; and

That copies of this resolution be shared with the Premier of Ontario, the Prime Minister of Canada, and all opposition leaders at both levels of government.
