Planning Committee Meeting Number 05-2016 Agenda
Thursday February 18, 2016 at 6:30 p.m., Council Chamber, City Hall

Public Meeting Introduction

“NOTICE OF COLLECTION – Personal information collected as a result of this public hearing and on the forms provided at the back of the room is collected under the authority of the *Planning Act* and will be used to assist in making a decision on this matter. All names, addresses, opinions and comments may be collected and may form part of the minutes which will be available to the public. Questions regarding this collection should be forwarded to the Director of Planning, Building & Licensing Services.

The purpose of public meetings is to present planning applications in a public forum as required by The Planning Act. Following presentations by the applicant, Committee members will be afforded an opportunity to ask questions for clarification or further information. The meeting will then be opened to the public for comments and questions. Interested persons are requested to give their name and address for recording in the minutes. There is also a sign in sheet for interested members of the public at the back of the room.

No decisions are made at public meetings concerning applications, unless otherwise noted. The public meeting is held to gather public opinion.

Exemption to this rule is outlined in By-Law No. 2006-75 to *Delegate Various Planning Approvals to Staff and to Adopt Certain Procedures for the Processing Of Planning Applications Subject to Delegated Authority*. Council has authorized staff to use discretion in determining if an application can be a **Combined Public Meeting/Comprehensive Report** to expedite the approval process.

Public meeting reports are provided to inform the public of all relevant information. Information gathered is then referred back to Planning, Building & Licensing Services Staff for the preparation of a comprehensive report and recommendation to Planning Committee. This means that after the meeting tonight, staff will be considering the comments made by the public in their further review of the applications.

When this review is completed, a report will be prepared making a recommendation for action to this Committee. The recommendation is typically to approve (with conditions) or to deny. This Committee then makes a recommendation on the applications to City Council. **City Council has the final say on the applications from the City’s perspective.**

Following Council decision notice will be circulated in accordance with the Planning Act, and anyone with an interest in the matter may file an appeal. Interested persons are advised that if a person or public body does not make oral submissions at a public meeting or make written submissions before the By-Law is passed, the person or public body is not entitled to appeal the decision of Council to the Ontario Municipal Board, unless, in the opinion of the Board, there are reasonable grounds to do so.
