The goal of this policy is to promote and encourage participation in ice sports to the overall benefit of the community. This Ice Allocation Policy has been developed to address upcoming changes to the current arena facility portfolio, changing demographics and market supply of indoor ice.

The policies identified in this document establish and clarify the City's responsibility for ice allocation, facility administration, and its commitment to the management of:

- Fiscally responsible ice facility operations
- Fair and equitable ice allocation
- Processing of tournament, special event and seasonal ice permits

The FBO is responsible for implementation of the policies as outlined.

2. ICE FACILITY OPERATIONS

The City of Kingston will responsibly manage its ice resources to ensure optimum usage and programming, to reflect municipal directives and to minimize risk and operational issues, as well enhance fiscal health to allow for timely and effective infrastructure updates.

On an annual basis, City staff will organize a meeting with ice facility provision partners (Arcturus SMG Canada – Kingston Regional Sports & Entertainment Centre) and users to review, define or confirm the City's ice seasons, hours of operation, ice pad uses and restrictions, facility closures, holiday operating hours, prime and non-prime time hour definitions and ice capacity calculations. The results of this meeting will enable City staff to update related portions of this document, the Annual Arena Operations Calendar, the Ice Management Schedule and Critical Dates, the Ice Allocation Matrix and the Five-Year Ice Planning Calendar.

3. ICE ALLOCATION AND DISTRIBUTION

On an annual basis the FBO will develop an Ice Distribution Matrix that best reflects the expressed needs of the users and application of this Policy's directives and guides. Any such Matrix will reflect

If the appropriateness of a partner group's status as a partner group comes into question, the group may be required to re-produce evidence that the conditions under which it was granted partner status still apply.

3.5. Seasonal Clients

Groups in this category are defined as groups that use an ice facility(s) on a weekly basis for an entire season. Examples are men's/ ladies hockey leagues, pick-up hockey groups, etc. The City of Kingston wishes to recognize long-term clients. Grandfathered status will provide existing clients (clients prior to the 2008/2009 ice season) access to historical ice (same or similar date or time blocked) to all seasonal clients that have had the same hour(s) for two or more consecutive years from the current year.

The City reserves the right to change the ice allocated to grandfathered clients when facility closures or restrictions must be applied, when ice schedules negatively influence operational/program efficiencies and resident demands or to meet the 70% youth matrix requirement. In these circumstances every attempt will be made to find an equitable ice time replacement.

If a designated 'grandfathered' permit holder disbands or fails to apply for ice in consecutive ice seasons, they will lose their 'grandfathered' status. If they reapply in a subsequent ice season, they will be treated as a new client. The 'grandfathered' designation is not transferable.

In consultation with ice users, the FBO will establish a process to ensure that net income producing activities of not-for-profit groups remain consistent with the goals, objectives and guiding principles of the Allocation Policy as well as the best interests of Kingston residents.

3.8. Residency

The City of Kingston recognizes the tax-based contribution provided by its residents toward the development and operation of recreation ice facilities and recognizes that residents will always receive priority over non-residents in the allocation of ice time. For the purpose of supporting the ongoing development of ice user groups (e.g. girls/women's hockey), the City of Kingston will accept the residency requirements defined by Sport Governing Bodies (S.G.B.'s – local, regional, provincial and/or federal)) which govern the actions of local affiliated ice user groups.

The City reserves the right to impose residency requirements or limitations on permit applicants at any point in time in the future when it is deemed necessary to do so (e.g. restricted ice capabilities).

The City will accommodate the regular use of ice by non-residents after resident demand is satisfied and under special circumstances such as reciprocal agreements. Non-residents will not achieve historical status in regards to permit allocation on a year to year basis. Non-resident use will be reviewed on a case by case basis.

3.9. Weekly Hours of Entitlement and Distribution for Partner Groups

The number of weekly hours allocated to any Partner Group will be based on justified need. On an annual basis, registration data must be supplied by the Partner Group in an approved format to the FBO. The FBO will then apply the data to a 'Standards of Play' (SOP) formula which will determine the total number of weekly hours each user is entitled to and the distribution of those hours to different age and skill level groupings.

Some partner groups may have adult membership (excluding coaches). Partner groups that have limited adult membership must adhere to the rates and fees established in the rates and fees by-law. Groups will be charged youth rates when ice is used for instructional purposes and there is a mix of adult and youth participants. All mixed ages competitive ice will be charged at adult ice rates.

Weekday	Monday to Friday
Weekend	Saturday and Sunday

3.11.6. Block Bookings

Ice will be allocated in blocks of time (minimum of 2 hours). No organization will dominate a specific time block to the detriment of another organization. All organizations will share equally in the distribution of early and late prime time ice. If an organization can demonstrate, to the satisfaction of the FBO, that 'blocking of time' as outlined in this policy is not feasible, alternate methods of time distribution may be considered.

3.11.7. Allocation Time Frames

The following time frames will be compulsory when forwarding ice allocation requests into the FBO. All dates in the table below are prior to the beginning of each season. The FBO is committed to responding back to groups/clients within one month of each respective time frame.

3.12. Conflict Resolution

Ice time request conflicts that arise from the development of the Ice Distribution Matrix will be highlighted by the FBO. These conflicts will be brought forward to the specific groups affected for discussion and resolution with an FBO representative acting as mediator. Should no resolution be reached with mediation addressing a specific ice time request conflict, the Supervisor of Administrative Services will act as Arbitrator. Each group involved in the ice request conflict will submit, in writing, to the Supervisor of Administrative Services, rationale for their requirement of the ice time in conflict. Along with this information, if required, consideration will be given to the following factors to guide a final decision. These factors would include:

- User group historical ice allocation.
- The degrees in which the user groups ice time requests have been met, apart from the ice time request in conflict.
- The age of the user group as it relates to the period of ice time in conflict.
- Sport(s) requirements of the groups involved. This would include requirements of governing sport bodies and logistics involved in the sport(s).
- Other applicable City of Kingston policies.

Should the groups not be able to resolve the conflict, the decision of the Supervisor of Administrative Services will be final.

4. PROCESSING AND MANAGEMENT OF TOURNAMENTS AND SPECIAL EVENTS APPLICATIONS AND PERMITS

The City of Kingston recognizes the significant positive impacts that tournaments, special events and championships can provide to the community. In order to accommodate these events and minimize disruptions to regular programs and league play, the City of Kingston will allocate seasonal ice and will allow for a about 72 hours to be allocated on a weekly basis for the purpose of running tournaments, special events and championships to a maximum of 26 weekends over the course of a fall/winter season. These tournament hours are in addition to regular seasonal ice allocation. User groups can combine these 72 hours with their regular seasonal hours to increase total tournament hours. The City is committed to achieving a balance between recreational and tournament/special event use during the regular winter ice season. The City recognizes that the INVISTA Centre and Catarauqui/Kinsmen Arena will be the main tournament locations and that groups can request to hold their tournaments any City of Kingston arena facilities.

Ice users requiring additional hours for their tournaments, will have to work with others users to release ice their regular allotted ice for these additional hours. City staff will help facilitate this process.

Ice Allocation Policy And Guidelines

The Corporation of the City of Kingston

In order to promote tournament play and assist with the development of the tournament centre allocation model, tournament organizers will receive as part of their tournament event ice rental, complimentary hall use to enhance the quality of the event and assist with event logistics. Adult tournaments will receive one (1) free hall rental per day, per minimum 8 daily hours of ice rental. Youth tournaments will receive two (2) rooms, one to be used as a tournament office and one to be used for other tournament needs. The minimum ice rental requirement for adult tournaments also applies for youth tournaments.

4.11. Opportunities and Restrictions

Some user groups may have to re-locate to another City of Kingston arena if another user group holds a tournament. Regular seasonal ice time will **NOT** be lost. City of Kingston recreational ice programs will not be cancelled during tournament weekends. The FBO will be responsible for effectively managing client requests for tournaments and special events. This model will provide all users with an uninterrupted ice schedule.

A maximum of two tournaments or special events per organization per fall (September to December) and per winter (January to March) will be scheduled at the tournament facilities of their choice between the fall/winter season (September through March). If supply exceeds demand, the FBO will address further user needs on a case by case basis.

4.12. Tournament Permit Amendments and Cancellations

When changes or cancellations are requested, the guidelines outlined in the Ice Allocation Policy will be stringently applied.

5. PROCESSING AND MANAGEMENT OF SEASONAL AND LEAGUE ICE APPLICATIONS AND PERMITS

5.11. Permit Amendments and Cancellations

Allocated ice time turned back in to the FBO must be done utilizing the same ratio as the originally allocated ice (e.g. a proportionate number of prime and non-prime time ice, weekday and weekend ice). The FBO reserves the right to accept only hours that hold the greatest potential for rebooking.

The FBO has the right to control all ice distribution and use of City-owned and operated ice facilities for the duration of the ice permit. Controls must be in place to minimize the negative impacts that unused, returned, amended and cancelled ice can have on the arena system operation and its clients. As such, the FBO will apply all guidelines outlined in the Ice Allocation Policy to reasonably and responsibly manage unused ice or changing ice needs once permits have been issued.

5.12. Added Ice (Temporary or Permanent)

Ice Allocation Policy And Guidelines
The Corporation of the City of Kingston

The practice of occasionally transferring ice, trading ice or sub-leasing ice between permit holders is acceptable upon advance written notification and forwarding of related schedule updates to the FBO.

It is recognized that last-minute changes to the intended use of the ice may occur under rare, infrequent and unforeseen circumstances however the FBO must be notified by the permit holder, even after the occurrences. The City reserves the right to accept or modify ice flood requests to ensure the achievement of operational efficiencies and pad coordination. Special floods for any ice use time of less than two hours will not be considered (e.g. a 90-minute game does not qualify to receive an extra mid-game flood).

6.12. Group Representation

In order for FBO representatives to effectively serve their customers, all groups are asked to elect no more than two representatives to serve as liaison between the FBO and their group. All communications between the group and the FBO should, at all times, be channeled through each group's representatives.
