City Of Kingston
Planning Committee
Meeting Number 01-2018
Agenda
Thursday December 7, 2017 at 6:30 p.m.
Council Chamber, City Hall

Please provide regrets to Derek Ochej, Committee Clerk at 613-546-4291, extension 1219 or dochej@cityofkingston.ca

Committee Composition

Councillor Hutchison
Councillor McLauren
Councillor Neill
Councillor Oosterhof
Councillor Osanic
Councillor Turner
Public Meeting Introduction

“NOTICE OF COLLECTION” – Personal information collected as a result of this public hearing and on the forms provided at the back of the room is collected under the authority of the Planning Act and will be used to assist in making a decision on this matter. All names, addresses, opinions and comments may be collected and may form part of the minutes which will be available to the public. Questions regarding this collection should be forwarded to the Director of Planning, Building & Licensing Services.

The purpose of public meetings is to present planning applications in a public forum as required by The Planning Act. Following presentations by the applicant, Committee members will be afforded an opportunity to ask questions for clarification or further information. The meeting will then be opened to the public for comments and questions. Interested persons are requested to give their name and address for recording in the minutes. There is also a sign in sheet for interested members of the public at the back of the room.

No decisions are made at public meetings concerning applications, unless otherwise noted. The public meeting is held to gather public opinion.

Exemption to this rule is outlined in By-Law Number 2006-75 to Delegate Various Planning Approvals to Staff and to Adopt Certain Procedures for the Processing Of Planning Applications Subject to Delegated Authority. Council has authorized staff to use discretion in determining if an application can be a Combined Public Meeting/Comprehensive Report to expedite the approval process.

Public meeting reports are provided to inform the public of all relevant information. Information gathered is then referred back to Planning, Building & Licensing Services Staff for the preparation of a comprehensive report and recommendation to Planning Committee. This means that after the meeting tonight, staff will be considering the comments made by the public in their further review of the applications.

When this review is completed, a report will be prepared making a recommendation for action to this Committee. The recommendation is typically to approve (with conditions) or to deny. This Committee then makes a recommendation on the applications to City Council. City Council has the final say on the applications from the City’s perspective.

Following Council decision notice will be circulated in accordance with the Planning Act, and anyone with an interest in the matter may file an appeal. Interested persons are advised that if a person or public body does not make oral submissions at a public meeting or make written submissions before the By-Law is passed, the person or public body is not entitled to appeal the decision of Council to the Ontario Municipal Board, unless, in the opinion of the Board, there are reasonable grounds to do so.
The following is a Public Meeting report to the Planning Committee regarding an application for an Official Plan & zoning by-law amendment submitted by Homestead Land Holdings Limited on behalf of Sisters of Providence of St. Vincent de Paul, with respect to the subject sites located at 1200 Princess Street, 27-33 Elmwood Street & 670 Sir John A. MacDonald Boulevard and 217-247 Bath Road. This report describes the proposed application and includes an overview of the relevant policies and regulations that will be evaluated as part of a future comprehensive report.

The applicant is proposing to develop the southernmost 1.6 hectare portion of the property known municipally as 1200 Princess Street. The overall development is to sever a 1.6 hectare parcel of the subject property and construct 3, multi-unit, high density residential buildings. The applicant is proposing to construct a total of 412 dwelling units in 3 buildings on the proposed severed parcels. The proposed buildings to be located on the westernmost parcel and the middle parcel are to be 13 stories in height (39 metres) and each contain 153 dwelling units. The proposed building located on the easternmost parcel is to be 12 stories in height (32 metres) and contain 106 dwelling units.

Vehicular access is proposed from the eastern portion of Elmwood Street via the future construction of a cul-de-sac. The proposed cul-de-sac is to provide municipal road frontage for the eastern most parcel. The other two parcels are not proposed to have direct access on a municipal road. Internal roadways will provide traffic circulation between the proposed buildings.

To accommodate the proposed development, the applicant is requesting to amend the Official Plan to establish a new site-specific policy area for the subject lands to redesignate the lands at the southern portion of 1200 Princess Street from ‘Institutional’ to ‘Residential’, permit the creation of two parcels without frontage on a municipal road and permit the creation of 4 lots to advance through consent. With respect to zoning, the applicant is requesting a new site-specific Multiple Family ‘B3-X’ zone for the lands located at the southernmost portion of 1200 Princess Street which incorporates relief from the following provisions: reduced side yard requirement, reduced aggregate side yard requirement, reduced rear yard requirement, increased maximum lot occupancy, increased maximum density, reduced on-site parking, reduced bicycle parking spaces, reduced minimum bicycle parking space width, reduced barrier free parking space requirement, reduced barrier free vertical clearance requirement, amended parking location on the lot, location of the accessory structure, not require residential structures to front onto a municipal road, reduction in the minimum required amenity area and minimum aggregate amenity area requirement.
To accommodate the overall development plan the applicant is also proposing to rezone the adjacent properties (217 – 243 Bath Road and 27 - 33 Elmwood Street & 670 Sir John A. MacDonald Boulevard) from their existing site-specific Multiple Family zones to recognize the existing on-site development. No internal or external changes are proposed on the subject properties; however, the proposed cul-de-sac at the terminus of Elmwood Street will reduce the existing minimum lot area requirement. As such, multiple performance standards are required to be amended to recognize the existing situation following the conveyance of land associated with the proposed cul-de-sac.

File Number: D35-005-2017
Address: 1200 Princess Street, 27-33 Elmwood Street & 670 Sir John A. Macdonald Boulevard and 217-247 Bath Road
Application Type: Official Plan & Zoning By-Law Amendment
Owner: Sisters of Providence of St. Vincent de Paul
Applicant: Homestead Land Holdings Limited
(See Report PC-18-004)
(Schedule Pages 1 – 32)
The following is a Public Meeting and comprehensive report to the Planning Committee regarding a proposed amendment to the city’s Brownfields Community Improvement Plan (CIP). This report describes the proposed amendment and includes an overview of the relevant policies and regulations that have been evaluated as part of the preparation of this report.

The City of Kingston’s Brownfields CIP provides tax assistance and grants to eligible properties located within designated Community Improvement Project Areas, in order to continue to assist with the rehabilitation and redevelopment of brownfield sites and support infill development. The Brownfields CIP has been in place since 2005 and has allowed the city to provide tax increment-based financial assistance to developers who rehabilitate and redevelop contaminated brownfield sites. The Brownfields Program has been very successful, resulting in 16 brownfield site redevelopments being supported to date.

On September 20, 2016, Council received an update on the status of the Kingston’s Brownfields Program and was informed that staff were examining revisions to the CIP. A review of the Brownfields Program has indicated a need to update the CIP so that it can continue to provide incentives to brownfield redevelopment, while being reflective of the current state of brownfields within the city, as well as balancing the ability of the city to afford the incentives offered. The objectives of the revisions being recommended were:

1. Applicability: Maintain an incentive for properties where environmental challenges are significant and focus benefits on the most disadvantaged properties with the greatest benefit to the community.

2. Efficiency: Improve the clarity and predictability of the Brownfields Program and simplify implementation.

3. Affordability: Decrease the short-term financial impact on the municipality from future brownfield financial incentive payments while maintaining an effective incentive level.

Following consultation with the community, and further analysis by staff, the city has decided to retain the ability to provide up to 100% of the eligible remediation costs as outlined in the Brownfields CIP, and to continue to rebate 80% of the difference between the pre and post-rehabilitation and development municipal property taxes as part of the Rehabilitation Grant. It was determined that reducing these percentages would have a negative impact on the redevelopment of individual brownfield sites, while the short-term benefit to the municipality would be minor. There have been other
revisions to the Brownfields CIP that will help mitigate the financial impact to the city and the Brownfields Program, namely: placing a hold on all new applications for Community Improvement Project Area 2 (i.e. Williamsville Main Street); no longer allowing exemptions for development charges and impost fees; and excluding federal and provincial properties from receiving financial incentives. The administration of the Brownfields Program, through the continued use of the sliding scale approach which was approved by Council in 2014, also enables the city to adjust the financial incentives for each application based on demonstrated need.

At the second Public Meeting for this file on October 5, 2017, a written submission was received from the owner of 55 Rideau Street and 292 Wellington Street that requested the property at 55 Rideau Street be included in Community Improvement Project Area (CIPA) 1A. The existing CIPA boundary runs along the former property line that divided 55 Rideau Street (outside the boundary) and 292 Wellington Street (inside the boundary). In 2009, the owner successfully applied to the Land Registrar to consolidate the two properties into one property. Following the Public Meeting, the Committee deferred the comprehensive report and directed staff to mitigate any boundary issues raised by the public. Recognizing the configuration of the consolidated parcel, being only partially included within CIPA 1A, and based on a review of environmental information provided by the property owner after the Public Meeting, staff recommend inclusion of the 55 Rideau Street portion of the consolidated parcel in CIPA 1A.

As identified at the first and second Public Meetings, the block of land bounded by Queen, King, Princess and Wellington Streets is also recommended for inclusion in CIPA 1A. These lands were identified as an area that should be part of CIPA 1A through a review that was done in 2013, but their inclusion was inadvertently omitted from the mapping.

Staff recommend approval of the proposed amendment to the Brownfields CIP. The proposed amendment is appropriate as it is consistent with the Provincial Policy Statement and City of Kingston Official Plan. The amendment will allow for the continued success of the Brownfields Program in a way that is financially responsible for the municipality.

File Number: D18-001-2017
Project: Brownfields Community Improvement Plan
Application Type: Community Improvement Plan Amendment
Applicant: City of Kingston
(See Report PC-18-001)
(Schedule Pages 33 – 137)
Regular Planning Committee Meeting Number 01-2018

Election of Officers

Please Note: The Election of Officers will occur prior to the Public Meetings.

Meeting to Order

Approval of the Agenda

Confirmation of Minutes

a) That the Minutes of Planning Committee Meeting Number 23-2017 held Thursday, November 16, 2017 be approved.

Distributed December 1, 2017

Disclosure of Pecuniary Interest

Delegations

Briefings

a) Annemarie Eusebio, Intermediate Planner, will be present to speak to the Committee regarding the Revisions to the City of Kingston Tree By-Law.

Business

a) File Number: D18-001-2017
   Project: Brownfields Community Improvement Plan
   Application Type: Community Improvement Plan Amendment
   Applicant: City of Kingston

   The Report of the Commissioner of Community Services (PC-18-001) is attached.

   Schedule Pages 33 – 137

   Recommendation:

   That it be recommended to Council that the amendment to the Brownfields Community Improvement Plan be approved; and

   That By-Law Number 2005-40, as amended, be further amended to expand Community Improvement Project Area 1A, as per Exhibit A (Draft By-Law and Schedule A to Amend By-Law Number 2005-40) to Report Number PC-18-001; and
That By-Law Number 2005-40, as amended, be further amended to renumber Community Improvement Project Areas 1C, 1D and 2 to be Community Improvement Project Areas 2, 3 and 4 respectively, as per Exhibit A (Draft By-Law and Schedule B to Amend By-Law Number 2005-40) to Report Number PC-18-001; and

That By-Law Number 2005-40, as amended, be re-titled “A By-Law Designating Community Improvement Project Areas for the Brownfields Community Improvement Plan”; and

That By-Law Number 2005-41, as amended, which adopted the 2005 Brownfields Community Improvement Plan, be repealed and replaced with the new by-law attached as Exhibit B to Report Number PC-18-001; and

That the amending by-laws be presented to Council for all three readings.

b) File Number: D14-029-2017  
Address: 1010 & 1028 Portsmouth Avenue  
Application Type: Zoning By-Law Amendment  
Owner: Jim Baldwin  
Applicant: Jim Baldwin and IBI Group Incorporated

The Report of the Commissioner of Community Services (PC-18-003) is attached.

Schedule Pages 138 – 179

To learn more about this application, visit the DASH page.

Recommendation:

That it be recommended to Council that the application for a zoning by-law amendment (File Number D14-029-2017) submitted by Jim Baldwin and IBI Group Incorporated, on behalf of Jim Baldwin, for the property municipally known as 1010 & 1028 Portsmouth Avenue, be approved; and

That By-Law Number 8499, entitled "Restricted Area (Zoning) By-Law of the Corporation of the City of Kingston", as amended, be further amended, as per Exhibit A (Draft By-Law and Schedule A to Amend Zoning By-Law Number 8499) to Report Number PC-18-003; and

That Council determines that in accordance with Section 34(17) of the Planning Act, no further notice is required prior to the passage of the by-law; and

That the amending by-law be presented to Council for all three readings.
c) **Revisions to the City of Kingston Tree By-Law**

The Report of the Commissioner of Community Services (PC-18-002) is attached.

Recommendation:

**That** it be recommended to Council that By-Law Number 2007-170, entitled “A By-Law to Prohibit and Regulate the Destruction or Injury of Trees in the City of Kingston”, as amended, be repealed and replaced with Exhibit A (Draft By-Law to Prohibit and Regulate the Destruction or Injuring of Trees in the City of Kingston) to Report Number PC-18-002; and

**That** the amending by-law be presented to Council for all three readings.

<td>The applicant is seeking a Zoning Amendment to recognize the existing development and support a future consent application to sever the subject property into two separately conveyable parcels. The applicant also proposes to convert the existing dwelling units from rental tenure to condominium units. The overall development plan does not seek to change the existing on-site conditions aside from modifications.</td>

<td>The site is currently developed with a 2.5 storey, single detached dwelling and a detached garage. The overall development plan includes severing the subject property, maintaining the existing dwelling and garage on the proposed retained parcel and develop a 2.5 storey, semi-detached dwelling on the proposed severed parcel. The proposed severed parcel would front onto Earl Street and be accessed with two driveways.</td>
