New Motions

1. Moved by Councillor Stroud
Seconded by Councillor Holland

Whereas the City of Kingston has been hosting a variety of special events within its parks for many years through a process that is mostly “by request”; and

Whereas some of the events have been very successful and have outgrown their park locations in terms of parking and other logistical needs and draw large crowds which has at times resulted in damages to the parks and/or conflicts with other users; and

Whereas some parks, such as City Park, are now booked most weekends in the summer with multiple large events that at times are preventing ordinary use of the park; and

Whereas the City of Kingston has a Special Events Policy to support and regulate events that are taking place on City properties;

Therefore Be It Resolved That staff be directed to review the Special Events Policy with the intent to identify specific criteria and parks that can properly accommodate events with larger crowds and significant logistical needs; and

That this review include proposed Policy changes including reasonable usage limits and a process that would more equitably distribute approved events among multiple suitable parks to minimize neighbourhood disruption; and

That staff report back to the Arts, Recreation and Community Policies Committee by the end of Q1 2019 with proposed policy amendments.
