New Motions

1. Moved by Councillor Boehme
Seconded by Mayor Paterson

Whereas the United Nations Environmental Programme estimates that 8 million tonnes of the plastic produced globally every year finds its way into our oceans, food chains and ecosystems, damaging our health in the process; and

Whereas the Federation of Canadian Municipalities (FCM), at their June 2018 Annual Conference, adopted a motion that among other things, urges the Federal government to create a national strategy to mitigate and manage marine litter with emphasis on plastics; and

Whereas several forms of single use plastics cannot be effectively recycled or re-used in Kingston and end up as landfilled waste or litter; and

Whereas Kingston is a Great Lakes community with responsibilities to, and benefits from a clean lake environment; and

Whereas the City of Kingston is committed to diverting waste from landfill and to reducing community greenhouse gas emissions;

Therefore Be It Resolved That Council direct staff to provide a report with recommendations in 2019 to the Environment, Infrastructure & Transportation Policies Committee meeting regarding the current status of single use plastics management in Kingston and options for local action to reduce litter and waste created by the use and disposal of single use plastics in Kingston.
