Motorcycle Awareness & Safety Month
May 2020

Whereas the warmer weather brings the beginning of motorcycle season; and

Whereas statistics from the Traffic Safety Association shows that drivers, not motorcyclists, cause more than two-thirds of car/motorcycle accidents; and

Whereas most of these accidents can be prevented by educating drivers on the importance of motorcycle safety, Keep An Eye Out For Motorcycles, and don't text and drive;

Therefore, I, Mayor Bryan Paterson, on behalf of Kingston City Council, proclaim May 2020 to be "Motorcycle Awareness and Safety Month" in the City of Kingston.

Dated at Kingston this 10th day of March, 2020.

Bryan Paterson
Mayor
