May is Museum Month
May 2020

Whereas throughout our community museums, art galleries and heritage sites reflect our local history, culture and contribute to the development of the City of Kingston; and

Whereas this month provides an opportunity to increase awareness of Kingston’s museums and celebrate the contributions these institutions make to quality of life, education and economic development; and

Whereas museums, galleries and heritage sites welcome visitors and tourists to our community; and

Whereas these museums, galleries and heritage sites are valuable resources for education and learning, are important community hubs and support our work for diversity, inclusion and sustainable development;

Therefore, I, Mayor Bryan Paterson, on behalf of Kingston City Council, do hereby proclaim May 2020 at ‘May is Museum Month’ in the City of Kingston and encourage all residents and tourists to visit our local museums in May.

Dated at Kingston this 25th day of March, 2020.

Bryan Paterson
Mayor
