Petitions

Motions of Congratulations, Recognition, Sympathy, Condolences and Speedy Recovery

Motions of Congratulations, Recognition, Sympathy, Condolences and Speedy Recovery are presented in order of category as one group and voted on as one motion.

Deferred Motion

The following motion was deferred from the July 10, 2018, Council Meeting.

1. Application for a Zoning By-Law Amendment – 1821 Bur Brook Road (Charles and Mitch Bender)

Note: The following recommendation lost at Planning Committee and therefore is being presented to Council with a recommendation that the application be denied:

That the staff recommendation noted hereunder be denied:

That the application for a zoning by-law amendment (File Number D14-037-2016) submitted by Robert Clark, Clark Consulting Services, on behalf of Charles and Mitch Bender, for the property municipally known as 1821 Bur Brook Road, be approved; and

That By-Law Number 76-26, entitled "Township of Kingston Restricted Area By-Law", as amended, be further amended, as per Exhibit A (Draft By-Law and Schedule A to Amend Zoning By-Law Number 76-26) to Report Number PC-18-044; and

That Council determines that in accordance with Section 34(17) of the *Planning Act*, no further notice is required prior to the passage of the by-law; and

That the amending by-law be presented to Council for all three readings.

(See By-Law Number (3), 2018-130)

Report Number 69: Received from Heritage Kingston

Report Number 69

To the Mayor and Members of Council:

Heritage Kingston reports and recommends as follows:

All items listed on this Committee Report shall be the subject of one motion. Any member may ask for any item(s) included in the Committee Report to be separated from that motion, whereupon the Report of the Committee without the separated item(s) shall be put and the separated item(s) shall be considered immediately thereafter.

1. Applications Recommended for Approval (Statutory Consultation with Heritage Kingston)

i. Approval of an Application for Heritage Permit – 103 Stuart Street

That alterations to the property at 103 Stuart Street, be approved in accordance with details described in the application (File Number P18-069-2018), with said alterations to include:

1. Relocating an existing door on the east wall to an existing window opening, and replacing the door with a window;
2. Installing two new compressor units at the southeast corner of the building;
3. Installing two mechanical louvers into existing windows on the north side of the building; and

That the approval of the alterations be subject to the following conditions:

1. A Building Permit shall be obtained;
2. All masonry works shall be completed in accordance with the City's Policy on Masonry Restoration on Heritage Buildings;
3. All window works shall be completed in accordance with the City's Policy on Window Renovation in Heritage Buildings;
4. Any new concrete shall be tinted to a grey tone in order to minimize its contrast with the limestone walls;
5. The new compressor units and louvers be painted/coloured grey; and

That city staff measure the current noise (db) levels and following the installation of two new compressor units, measure the subsequent noise (db) levels to determine if an increase in noise levels has occurred. In the event that an increase in noise is significant, City staff shall work with

Queen's University to determine if mitigative controls are required. Where mitigation requires alteration to the property, subsequent heritage approvals shall be obtained.

2. Applications Supported for Approval by Heritage Kingston (Non Statutory Consultation)

i. Approval of an Application for Heritage Permit – 1 Emily Street

That alterations to the property at 1 Emily Street be approved in accordance with the details described in the application (File Number P18-066-2018), which was deemed complete on June 22, 2018, with said alterations to include the removal of a later rear addition and the construction of a one-storey stucco clad rear addition with new landscaping treatment; and

That the approval of the alterations be subject to the following conditions:

1. A Building Permit shall be obtained, including confirmation of zoning compliance;
2. Any necessary *Planning Act* applications shall be completed; and
3. Planning staff shall be circulated the drawings and design specifications, tied to the Building Permit application, for review and approval to ensure consistency with the scope of the Heritage Permit sought by this application.

(Report Number HK-18-046 is attached to the agenda as schedule pages 73-102)

ii. Approval of an Application for Heritage Permit – 13 Maitland Street

That alterations to the property at 13 Maitland Street, be approved in accordance with the details described in the application (File Number P18-045-2018), which was deemed complete on June 3, 2018, with said alterations to include:

1. The repair of a small area of stucco cladding with like-for-like material and colour on the rear (east) side of the principal building;
2. To remove the remaining cement-based stucco cladding on the rear two-storey stone addition;
3. To repair and repoint the exposed stonework as necessary; and

That the approval of the alterations be subject to the following conditions:

1. All masonry works shall be completed in accordance with the City's Policy on Masonry Restoration on Heritage Buildings; and
2. Photographic and/or graphic illustration of the proposed construction detail where the exposed stonework on the rear addition meets the stucco on the principal building shall be provided to Heritage Planning staff to ensure that the heritage attributes of the property are conserved.

(Report Number HK-18-049 is attached to the agenda as schedule pages 103-125)

iii. Approval of an Application for Heritage Permit – 92 Gore Street

That alterations to the property at 92 Gore Street, be approved in accordance with the details described in the application (File Number P18-070-2018), which was deemed complete on June 11, 2018, with said alterations to include the replacement of existing asphalt shingle roof with a standing seam metal roof in a silver/grey colour; and

That the approval of the alterations be subject to the following conditions:

1. A Building Permit shall be obtained if any structural repairs to the roof are required; and
2. Details pertaining to the selected standing-seam metal roof be submitted to Heritage Planning staff to ensure that the proposed roof is compatible with the architectural style of the subject property and will conserve the cultural heritage value of the Old Sydenham Heritage Conservation District.

(Report Number HK-18-050 is attached to the agenda as schedule pages 126-144)

iv. Approval of an Application for Heritage Permit – 5 Court Street

That alterations to the property at 5 Court Street be approved in accordance with the details described in the application (File Number P18-064-2018), which was deemed complete on June 18, 2018, with said alterations to include: disassembling, repairing and restoring many of the existing features of the Kirkpatrick Fountain; replicating missing or overly deteriorated elements; and replacing/repairing the mechanical components; and

That notwithstanding Part VII, Section 23(i) of By-Law Number 2013-141, as amended, this approval shall remain in effect for six (6) years

subject to periodic inspections by the City per Section 23(f) of the noted by-law; and

That the approval of the alterations be subject to the following conditions:

1. All masonry works shall be completed in accordance with the City's Policy on Masonry Restoration on Heritage Buildings;
2. Any necessary replica features shall be designed as to accurately recreate the existing details using similar/compatible materials, so as to appear original to the fountain; and

New Motions

1. Moved by Councillor M^cLaren
Seconded by Councillor Hutchison

Whereas fostering open government is a strategic priority where “citizens have the right to access documents and proceedings to allow for effective public involvement in and oversight of civic affairs”; and

Whereas the Ombudsman of Ontario has given the broad advice “When in doubt, open the meeting”; and

Whereas the Amberly Gavel Ltd. report of July 2018 exposed some knowledge gaps in Council and Staff concerning the correct balance between open government and the occasional need for closed meetings; and

Whereas the Municipal Act says in 239.2 (12): “If a municipality or a local board receives a report from a person referred to in clause 239.1 (a) or (b) reporting his or her opinion, and the reasons for it, that a meeting or part of a meeting that was the subject-matter of an investigation by that person appears to have been closed to the public contrary to section 239 or to a procedure by-law under subsection 238 (2), the municipality or the local board, as the case may be, shall pass a resolution stating how it intends to address the report. 2017, c. 10, Sched. 1, s. 27.”;

Therefore Be It Resolved That Council will address the report by directing Staff to return to Administrative Policies Committee in the first quarter of 2019 with new recommendations and guidelines that meet or improve on the recommendations of the Ombudsman’s Sunshine Law Handbook for closed meetings; including, but not limited to the following:

1. an education component for the new council with correct knowledge to prevent errors of what should and should not be in a closed meeting that have occurred in the past from being repeated in the future and that includes at a minimum:
 - a. correct, clear and useful definitions and examples of the legal importance and relationship between motions, resolutions, and votes to confirmation bylaws;
 - b. correct, clear and useful definitions and examples distinguishing between “a procedural matter,” “giving direction to staff,” and “making a substantive decision” in a closed meeting;
 - c. a finer distinction between what is allowed to be in camera and what should be done in camera such that, even though legislation allows for a closed meeting, it may not be necessary to have a closed meeting where the ostensive reason for a closed meeting does not exist and/or where no harm would be incurred by the City if the meeting were to be in open session; and
2. recommendations to make confirmation bylaws more precise, explicit and open; and

3. recommendations for a more thorough and more accountable audio and video recording policy for votes and deliberations in closed meetings; and
4. recommendations for releasing of closed meeting material, votes, and deliberations after an appropriate time.

Whereas we just finished a Provincial Election in which our new By-Law Number 2014-16 was applied; and

Whereas there was some confusion around the wording, suggesting some clarification is needed; and

Whereas in past elections, through By-Law or as accepted courtesy, signs were not placed in or around parks or cemeteries; this was not the case in the recent election.

Therefore Be It Resolved That staff be requested to thoroughly review By-Law Number 2014-16, with public input, to clarify the policy of signs on public property, and to clearly restrict signs bordering municipal parks or cemeteries; and

That a proposed amended By-Law be brought to Administrative Policies Committee no later than Q2, 2019, enabling a Council decision well in advance of the 2019 Federal Election.

3. Moved by Councillor Oosterhof

That denial of the application for D14-037-2016, submitted by Clark Consulting Services, on behalf of Chuck & Mitch Bender/Backyard Fence Limited, for the property municipally known as 1821 Bur Brook Road be based on the following:

1. It is inconsistent, or conflicts with a policy statement issued under subsection 3(1) specifically:
 - a. **PPS 1.1.5.2** –“ On rural lands located in municipalities, permitted uses are:”
“a) the management or use of resources; b) resource-based recreational uses (including recreational dwellings); c) limited residential development; d) home occupations and home industries; e) cemeteries; and f) other rural land uses.”

These activities of the applicant’s business are not permitted under PPS 1.1.5.2. Furthermore, the Applicant’s business is neither a home

occupation or a home industry as the business owner does not reside on the property and never has.

- b. **PPS 1.1.5.7** “Opportunities to support a diversified rural economy should be promoted by protecting agricultural and other resource-related uses and directing non-related development to areas where it will minimize constraints on these uses.”
The application results in the conversion of farmland to create a very large outside industrial compound. The proposed land uses are not related to agricultural, and should be directed to another area to minimize constraints on agricultural uses.
 - c. **PPS 1.1.1.d** – “Healthy, liveable and safe communities are sustained by: avoiding development and land use patterns that would prevent the efficient expansion of settlement areas in those areas which are adjacent or close to settlement areas.”
This application would allow an industrial contracting operation to be established in the middle of what is predominantly a residential area. This application will prevent the efficient expansion of the settlement area because the proposed industrial use is not compatible with residential development.
2. It fails to conform with or is in conflict with an applicable Official Plan policy, specifically,
- a. **3.13.19** “Small-Scale Industrial and Commercial Uses”
“Small-scale industrial and commercial uses in the Rural designation can provide a modest means of starting a business. The businesses that grow are expected to move to more urban settings. Other businesses may employ local craftsman or artisans and remain small. Such businesses may be permitted in the Rural designation provided the uses are limited in size and do not have adverse effects on adjacent land uses through noise, vibration, reduction of privacy, traffic or other impact or hazard. New small-scale industrial and commercial uses are allowed by an amendment to the zoning by-law. Such amendments must set out specific limits on use, size, location and number of employees. All new small-scale industrial and commercial uses in the Rural designation are subject to the Site Plan Control By-law in accordance with the Planning Act.”
The application does not conform to 3.13.19 as the applicant’s business has become well established over the last 20 years, has a workforce of up to 12, and has been awarded significant Federal government fencing contracts. The business is not a startup nor is it small scale.

Furthermore, the applicant proposes to relocate their entire business to the subject site, from their administrative offices to heavy equipment, inventory and parking for up to 12 employees. The use of the subject property will neither be small nor limited.

b. **4.6.32** – “Truck Traffic”

“The City will minimize the adverse effects of truck traffic on the functioning of roadways and on the amenity of residential areas by:

a) defining truck routes in the City and prohibiting truck movements on streets in residential areas, wherever warranted;

d) situating land uses that are likely to generate high levels of truck traffic to locations with suitable road and access conditions, having regard to compatibility with permitted uses;

e) encouraging trucks that provide service to industrial areas to travel within such areas and not through residential or commercial areas;

f) restricting home occupations that would generate truck activity;”

The proposed application is in conflict with 4.6.32 as it encourages and allows commercial traffic in and through a predominantly residential area.

c. **3.6.B** “General Industrial designation”

“The General Industrial designation is an area of employment intended to provide convenient locations for manufacturing, wholesale trade, construction, transportation, storage, communications, utilities, and similar uses. These uses will be grouped into distinct employment areas to foster economic synergy and avoid or mitigate adverse effects on residential uses or other sensitive uses.”

This application is in conflict with the intent of 3.6.B as it proposes to establish an industrial contracting business in the middle of what is predominantly a residential area instead of directing it to a distinct employment area with similar and compatible uses. Furthermore, the proposed application would result in commercial activities that would have adverse effects on the existing residential uses.
