

**City of Kingston
Report to Council
Report Number 19-118**

To: Mayor and Members of Council
From: Gary Dyke, Commissioner, Corporate Enterprise Services
Resource Staff: John Bolognone, City Clerk
Date of Meeting: May 8, 2019
Subject: Council Meeting Start Time

Executive Summary:

The purpose of this report is to amend the Council Procedural By-law in order to commence regular meetings of Council at 6:30 p.m. as opposed to the current start time. Currently, all regular meetings of Council start at 7:30 p.m. If there is a closed session of Council, the start time for the closed session is noted on the Council agenda and established based on the anticipated time required to deal with the closed session items. There is no set time for the closed session to start. In light of the earlier start time, closed sessions would not commence prior to 5:00 p.m. Should Council in closed session be unable to complete their business, Council will either (a) recess with the remainder of the items to be considered in closed session that evening prior to consideration of the by-laws in open session or (b) defer the remaining business to a future closed session of council.

In response to changing demographics, how the community participates in local government and advancements in technology, such as in-house live streaming and archiving of recorded council meetings, staff are of the opinion that the change in start time will help to streamline the council meeting process and make more efficient use of council and staff time.

Recommendation:

That the by-law attached as Exhibit A to Report Number 19-118 be presented to Council on May 8, 2019, to amend By-Law Number 2010-1, as amended, being the "Council Procedural By-law", in order to amend Section 4.2 which reads "Regular Meetings of Council shall take place on the first and third Tuesday of every month at 7:30 p.m." to now read "Regular Meetings of Council shall take place on the first and third Tuesday of every month at 6:30 p.m."

Options/Discussion:

Community participation is critical to finding meaningful and innovative solutions. Engagement, outreach and communication are keys to success. Historically, Kingston City Council meetings have commenced at 7:30 p.m. In support of the change in start time, staff believe an earlier start would result in an earlier adjournment, thus leading to improved work-life balance for the community, council members and staff without limiting public participation. An earlier adjournment would also allow Council to avoid dealing with complex decision-making late in the evening and allow the news media to more expeditiously report results to the community.

In addition to in-house live streaming of council meetings for the community, YourTV broadcasts council meetings on a local television station. As YourTV is a city partner in bringing council business to the community, staff has consulted with them regarding the proposed change in the start time. YourTV is amenable to the earlier start time of 6:30 p.m.

Staff is recommending approval of the proposed amending by-law. To allow for ample time for communication of the change in meeting start time to the community, the proposed by-law would not come into effect until July 2, 2019.
